SERDANELI X FRANCK BENITO

Pour revisiter ses collections « Sky » et « Chester », Serdaneli a fait appel à un artisan renommé, Franck Benito.

La taille qu'il a créée souligne le cristal et complète le métal.
Serti dans un écrin géométrique, l'objet en cristal taillé éveille les sens.
D'abord la vue, la taille de Franck Benito révèle le cristal en y faisant entrer la lumière de part en part.
Puis le toucher, car cette taille légère donne au cristal une douceur insoupçonnée.

To revisit its "Sky" and "Chester" lines, Serdaneli has chosen a renowned Parisian craftsman named Franck Benito.

The cut he has created emphasizes the crystal and complements the metal.
Set in a geometric frame, the cut crystal piece awakens the senses.
Sight first: Franck Benito's cut reveals the crystal by letting the light pass through.
Then touch: this gentle cut gives the crystal an unsuspected softness.

CONSEILS D'ENTRETIEN

Les articles Serdaneli ne nécessitent en principe aucun entretien spécifique, sauf bien entendu l'opération d'essuyage à l'aide d'un chiffon doux ou d'une peau de chamois, après utilisation.

Il faut toujours éviter de laisser sécher des gouttes d'eau sur le métal. Après l'évaporation, il restera en effet une marque provoquée par l'adhérence de microcristaux de sels minéraux contenus dans l'eau domestique et notamment du calcaire.

Traitées à temps, ces marques disparaitront par simple frottement à l'aide d'un chiffon doux imprégné d'eau, adouci par un produit ménager détartrant tel que du vinaigre blanc.

Si ces marques persistent :

- Sur les surfaces brillantes : Utilisez un produit de type « Poli Royal », disponible dans la catégorie « Pièces détachées » de ce catalogue.
- Sur les surfaces mates : Frottez doucement avec une éponge non abrasive, sans produit de lustrage.

N'utilisez jamais de produit chimique corrosif ou abrasif car ils pourraient endommager la finition.

CARE AND MAINTENANCE

Serdaneli products do not require any specific cleaning apart from wiping with a soft cloth or a shammy after use.

However, please avoid allowing water droplets to dry on metal. Indeed, a stain would remain after drying because of the micro-crystals contained in the mineral salts in domestic water and lime scale in particular.

If caught early enough, those marks will disappear by simply rubbing with a moist soft cloth, softened by a household scale remover such as white vinegar.

If those stains remain:

- On glossy surfaces: Use a "Poli Royal" type product, available in the "Spare Parts" category of this catalogue.
- On matt surfaces: Gently rub with a non-abrasive sponge. Do not use polishing product.

Never use corrosive or abrasive chemicals as they may damage the product's finish.

PRISE EN CHARGE DE LA GARANTIE

Aucun retour de marchandises ne pourra être effectué sans l'accord préalable de Serdaneli. Les envois doivent être faits par l'expéditeur en port payé et adressés à Serdaneli. Les produits doivent être emballés de manière à ne causer aucun coup ou détérioration. À réception, les produits seront expertisés.

- Si le défaut est imputable à Serdaneli, le produit sera soit réparé soit remplacé.
- Si le défaut n'est pas imputable à Serdaneli, un rapport d'expertise sera rédigé ; le produit pourra alors être réparé ou remplacé aux frais de l'expéditeur après acceptation. Les frais de dépose et de repose ne sont pas couverts par la garantie.

Toute détérioration du produit pour retour ne sera pas couverte par la garantie.

WARRANTY TERMS

No return of goods may be made without the prior agreement of Serdaneli. Shipments must be made by the sender, prepaid and addressed to Serdaneli. Products must be carefully packed so that they do not cause any damage. Upon receipt, products will be appraised.

- If the defect is attributable to Serdaneli, the product will either be repaired or replaced.
- If the defect is not attributable to Serdaneli, an expert report will be made. The product could be repaired or replaced at the sender's expense upon approval. The warranty does not cover dismantling and refitting costs.

Any deterioration of the return product will not be covered by the warranty.
