Jacob Delafon
PARIS

Our pleasure comes from those moments when you gaze at your reflection. In all its elegance and irreverence. In the perfect place where you spend time on you. Whether styling your hair or putting on makeup, that “je ne sais quoi” brings out the very best in you. Here, you look your loveliest. Unwind. Reflect. Be the person you decide to be.

For 130 years, we have created private spaces that feel like you. For 130 years, we have designed bathrooms that fit your life.

Jacob Delafon.
Since 1889.
Where elegance begins

CLASSIC MODERNITY

CLASSIC YET MODERN...

...just the right balance between historical references and contemporary minimalist codes. In this world, proportions are ideal; light, materials and shape are perfect. "French-style" elegance reigns supreme. Each element echoes the other in a look of authenticity.

**SHOW
YOUR TRUE SELF**

1/

LA COLLECTION BY ALEXIS MABILLE

2 /

3 /

4 /

Jacob Delafon invited Parisian couturier Alexis Mabille to design his ideal bathroom. The result of this collaboration is a bathroom which includes a bath (4), centrepiece of La Collection, carved out of a single block of Calacatta marble; a vanity cabinet (2), a true decorative piece; an intriguing shower (1) topped with a spherical showerhead; accessories and dedicated brassware designed like jewellery (3).

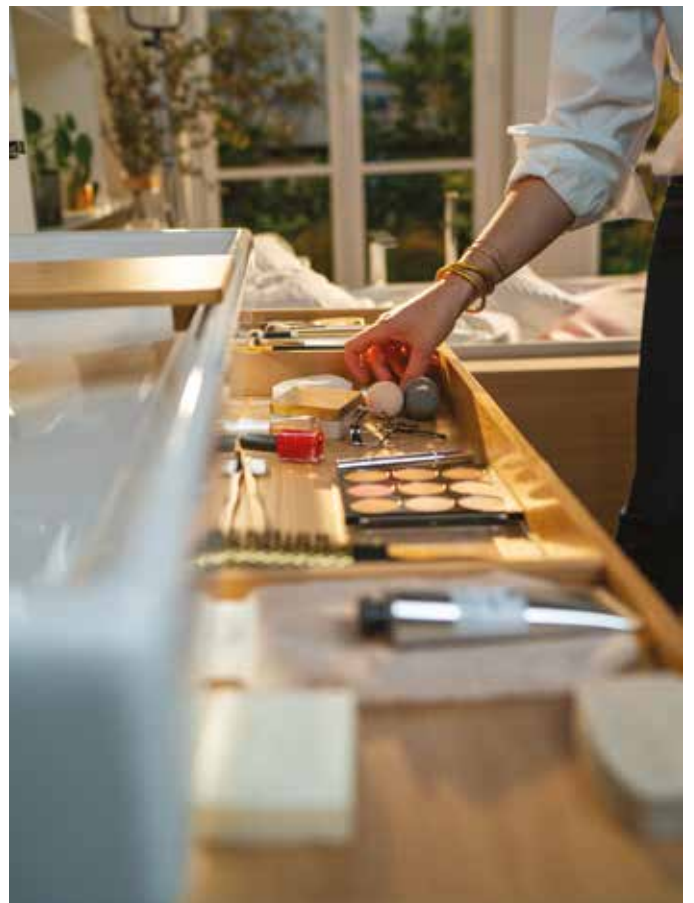

**CASA DECOR
WITH MANUEL ESPEJO**

“The bathroom is one of the most important spaces in an interior design project. It must be functional and comfortable; a place where you can unwind and relax. The Nouvelle Vague collection has everything it takes for the perfect bathroom. For me, this project was like an exercise in haute couture with the requirement of practicality. The mirrors are amazing - they switch on and off when you brush against them. I was especially inspired by the framed glass panels with pure lines that match my timeless style.” Manuel Espejo, architect.

THE IDEAL BATHROOM BY DEEDEE PARIS

For its 130th anniversary, Jacob Delafon partnered with one of the edgiest fashion/beauty influencers to create the elegant, bold bathroom of her dreams. To meet her needs and wishes, Jacob Delafon decided to mix some of its leading products. A pale pink Terrace cabinet set, with geometric lines and an XXL accessories drawer for her favourite items, the mirror with an USB port to listen to her podcasts, the Nouvelle Vague framed glass shower enclosure for an artist's studio feel, and a touch of humour with the Odéon Rive Gauche bath filled with soft pillows.

THE IDEAL BATHROOM BY ZOÉ DE LAS CASES

To celebrate its 130th anniversary, Jacob Delafon joined forces with an eclectic, inspiring Parisian designer to create a bathroom with character that mixed vintage charm and timeless home pieces.

The ideal bathroom included the wall-mount single-lever basin mixer in Titanium from the Composed collection; the Vox vessel basin with the Bistrot pattern, atop a Parallel marble-effect countertop; black framed mirrors and a wall fixture from the Odéon Rive Gauche collection; and the iconic claw-footed Cléo cast-iron bath coordinated with a Stillness floor mixer. These pieces with a soothing, discreet charm invite you to take personal time.

TERRACE

1/ **Base unit 80 cm**, solid wood accessories drawer and drawer in Frosted Chestnut lacquer, €1,609 incl. VAT (and €2.80 eco-contribution) and **vanity top 80 cm with LED strip**, €942 incl. VAT. **Premium mirrors 80 cm with LED lighting**, electric socket and USB port, €1,450 incl. VAT (and €1.80 eco-contribution).

FEATURES

MINIMALIST ESTHETIC

Terrace vanity tops bring together originality and functionality. Their unique L-shaped architecture frees up space under the top for maximum storage capacity. Additionally, as all our ceramic fixtures are self-supporting, they offer a range of installation possibilities, depending on your expectations: mounted alone to the wall or installed on a cabinet or countertop. The furniture is made of superior materials such as solid wood. The lacquered finish provides an exceptional look.

FREEDRAIN SYSTEM®

All of Jacob Delafon's expertise in a single touch! The offset waste at the rear of the vanity top frees up space and presents maximum storage capacity. The system also offers an esthetic benefit as there is no waste in the center of the basins. You open or close the water drainage system by simply pressing the plate on the ledge. The system can be easily disassembled and cleaned.

FUNCTIONAL FURNITURE

Terrace furniture offers a host of functional, practical solutions:

- Accessories drawer under the vanity top and drawer dividers for better organization
- "Push-release" system. Even if your hands are full, you can simply press against the drawer to make it open.
- Electric sockets and USB port for your devices.
- LED lighting under the vanity top and inside drawers, and mood lighting on the mirror.

ADDITIONAL STORAGE

The extended collection includes new products for added elegance and storage:

- Coordinating tall unit
- Cube unit 30 cm to connect two washstations
- Side unit 80 cm with storage tray that sits on top.

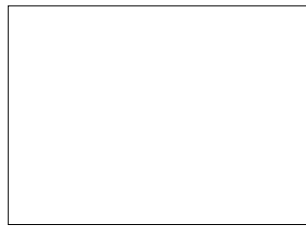

COORDINATING FIXTURES IN A CONTEMPORARY STYLE

Toilet bowl and bidet harmoniously coordinate with the rest of the collection. The Terrace bowl is water-efficient, with a dual 2.6/4L cistern.

See the entire Terrace collection on p.164.

NOUVELLE VAGUE

1/ Put together a **fixed enclosure with clear, tinted or mirror glass 30 or 40 cm**. Here, a freestanding version with two clear panels 40 cm and two tinted panels 30 cm, €1,637 incl. VAT and two matching shelves 30 cm in Incomparable Black, €63 incl. VAT.

2/ **Base unit 145 cm** in Chêne Tranché melamine, 2 soft-close drawers 100 cm, 1 pull-out drawer 45 cm €1,597 incl. VAT (and €5.30 eco-contribution) and **ceramic vanity top 121 cm** in Satin Cashmere, €1,086 incl. VAT. **Mirror 79 cm** with sensor-activated LED lighting and anti-steam feature, €594 incl. VAT, and three-panel corner enclosure 40 cm (one clear, one tinted and 1 mirrored), €1,224 incl. VAT. 3/ **Premium tall unit 60 cm** in Chêne Tranché melamine with 2 soft-close drawers and 1 internal drawer, 3 shelves, 1 socket, 1 mirror and 1 wood storage box, €1,253 incl. VAT (and €5.30 eco-contribution). 4/ **Composed tall single-lever Titanium mixer and vessel basin**, 56 x 40 cm, €399 incl. VAT.

FEATURES

SO FIFTIES!

The retro style of the 50s is as trendy as ever. Be charmed by the Nouvelle Vague base units available in over 80 lacquer finishes and 5 melamine surfaces. Coordinate with our ceramic or glass vanity basin in different colours.

MORE STORAGE

Functionality is still key! All of our furniture is fitted with slow-close drawers and delicate handles hark back to the elegance of the world of Atelier Vintage (see p.6).

Depending on the desired layout, our furniture comes with new equipment for you to tailor your storage spaces: dividers, pull-out drawers or additional storage elements.

ELEMENTS CONNECT

Since esthetics is our main concern, the Nouvelle Vague collection was designed so that all the elements would come together. The droplet shape, an integral part of the collection design, can be seen in the vanity tops, vessel basins and mirrors

ARTIST'S STUDIO

Rooted in the world of Atelier Vintage, the Nouvelle Vague enclosures enhance your showering space. The distinctive, black profiles and the choice of clear, tinted or mirrored glass, lend an architectural tone throughout.

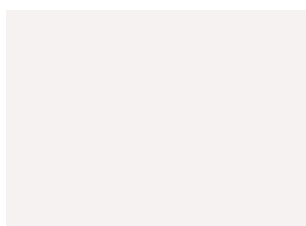

A WELL-PROPORTIONED BATHROOM

Discover the wall-hung toilet with rounded curves and a 50s-inspired design. Provided with the latest rimless technology, the Nouvelle Vague WC ensures a highly-efficient rinse for simple cleaning and perfect hygiene.

See the entire Nouvelle Vague collection on p.166.

1/ **Niche unit 100 cm** in Frosted Chestnut lacquer, starting at €323 incl. VAT (and €1.80 eco-contribution), and **ceramic vanity top 100 cm**, €533 incl. VAT. **Mirror 100 cm with LED lighting** and anti-steam feature, €324 incl. VAT.

FEATURES

AN ELEGANT COLLECTION

Delicate vanity tops, functional basins with gentle slopes and wide ledges for daily toiletries. The natural properties of ceramic and glass guarantee cleanness and easy care. The gloss finish the glass on reveals the top's gentle slopes and colour (Grey, Taupe and White). With their colours and exclusive patterns, the Vox Signature vessel basins take you into a world of elegance.

EXPRESS YOURSELF!

Opt for a coordinated ensemble by selecting vanity tops and base units 60 to 140 cm, available in several melamine or lacquer finishes. Furniture comes with 2 or 3 drawers for added storage capacity, and built-in or pull handle options (4 models available).

A HOTEL SUITE BATHROOM

Vox niche units give your bathroom a definite hotel look. 4 niche sizes are available to meet your space requirements. The Vox undermount basins can be installed under wide countertops perfectly suited to hotel bathrooms.

SMOOTH-SIDED RIMLESS TOILET

A contemporary design with soft, geometric shapes and concealed or hidden fixings. The Vox toilet bowl is smooth-sided all over for complete cleaning.

See the entire Vox collection on p.170.

RYTHMIK

1/ **Half unit** in Taupe lacquer with a soft-close door and 4 shelves, 2 in glass, starting at €439 incl. VAT. 2/ **Compact unit 60 cm** in Arlington Oak melamine with 2 soft-close drawers €790 incl. VAT (and €2.80 eco-contribution) and **compact ceramic vanity top 60 cm** €363 incl. VAT. **Mirror 60 cm with LED lighting**, clock and anti-steam feature, €390 incl. VAT. 3/ **Base unit 120 cm** in Taupe lacquer with 2 soft-close drawers €961 incl. VAT (and €2.90 eco-contribution) and **double basin ceramic vanity top 120 cm**, €734 incl. VAT.

FEATURES

AN ORIGINAL COLLECTION

The pure lines and bold shapes of the Rythmik vanity tops will appeal to the most exacting people. Functionality is also key: deep basins and ledges make daily use easier.

Vanity tops are also self-supporting, so they can be installed alone without a base unit. The Rythmik collection also includes compact or handwash basin models for small bathrooms or half baths.

DOWN TO THE SLIGHTEST DETAIL

If you want a complete, balanced look why not add a half unit? Rythmik half units have a soft-close door and 4 shelves (2 in glass) to store away your daily items.

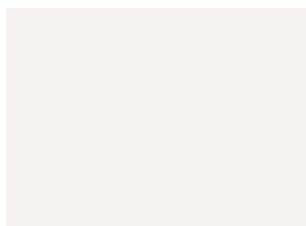

FOR ALL SPACES

The Rythmik collection meets every space requirement. If you have a small bathroom, pick the compact model – an optimized, stylish piece!

FEATURES

A MULTI-FACETED COLLECTION

Use your imagination to create the bathroom of your dreams! The Odéon Rive Gauche collection was designed with creativity in mind. Our furniture comes in different dimensions, finishes and configurations, with drawer and door choices. A host of combinations that will give you the ideal layout for your project.

ESTHETICS JOIN FUNCTIONALITY

We want our products to be practical and well-proportioned! That is why we focus on symmetry and variety:

- Wire handles available in 5 colours
- Legs (12 or 32 cm) that match furniture handles or mirror frames (available in 50 or 70 cm).

The same is true for vanity tops!

They come in several dimensions, materials (ceramic or frosted glass), with single or double basins. Deep basins (13 cm) and wide ledges will certainly be appealing. A round vessel basin in delicate ceramic rounds out the collection.

YOUR MOVE!

Go with symmetry or cleverly deconstruct the space by placing mirrors, shelves, niches or tall units here and there on the wall.

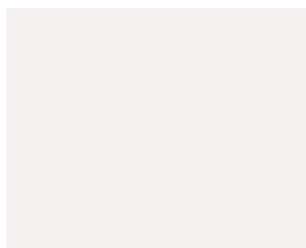

COMFORT & HYGIENE

The wall-hung Odéon Rive Gauche toilet provides perfect hygiene on the outside, thanks to the smooth sides, and on the inside thanks to the rimless technology.

FEATURES

SELECT A CERAMIC FIXTURE

Our vessel basins (with or without a tap deck) sit on countertops, and come in multiple shapes (round, square, oval or rectangular).

MADE-TO-MEASURE OFFER

Our countertops suit the layout or feel of your bathroom. Choose among CaroCeram, solid wood or laminate in the size you like best.

And for the perfect fit, Jacob Delafon even offers a customised Parallel countertop because we feel we should adapt to your requirements.

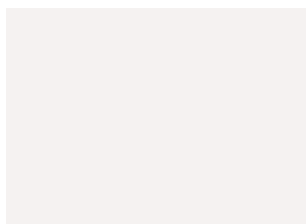

CREATE A SPACE THAT FEELS LIKE YOU

Take a look at our finishes – we offer melamines, laminates or lacquers. If you decide on a lacquered piece, you have over 80 colours to choose from. Shelves, base or tall units are available to personalise your storage space.

COME ALIVE

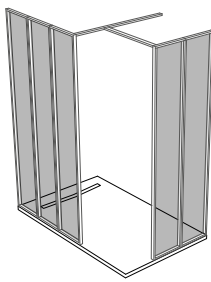

NOUVELLE VAGUE

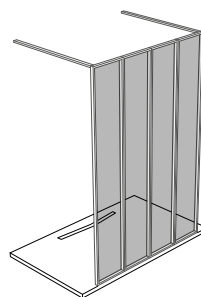

Nouvelle Vague enclosures enhance your showering space with a vintage studio style. Distinctive frames and a mix of glass types lend an architectural tone overall.

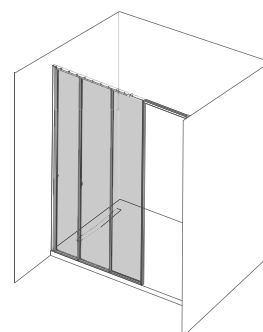

Corner

Corner with a return

Freestanding

Alcove

1/ SELECT YOUR PREFERRED CONFIGURATION

In a corner (with or without a return panel), in an alcove or freestanding.

2/ SELECT GLASS PANEL SIZE (UP TO 170 CM)

Assemble panels measuring 30 and 40 cm for a space that most feels like you.

3/ MIX GLASS OPTIONS

For a totally personalised look.

1 /

2 /

1/ Three types of glass (clear, tinted grey or mirrored) for added personalisation. 2/ Accessories supplied with panels: A. Trimmable bracing bar 120 cm. B. Towel hook to install on the panel or on the bracing bar. C. Squeegee. Hang on hook, attach to wall holder or onto the magnetic strip under the shelf. D. Shelf. Fix to panel or wall.

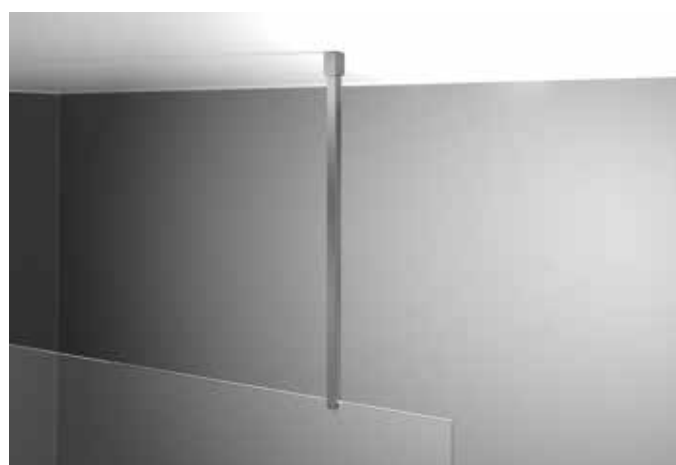

CONTRA

Contemporary range with discreet frames for a streamlined, airy design.

2/ A new pared-down fixed panel for a trendy walk-in look with Incomparable Black frames and tinted grey glass. Bracing bar included. Fixed enclosure with central frosted section for privacy. Also available in clear glass. 3/ Streamlined pivot door available in 9 widths, 80 to 170 cm. Two pivot doors can be installed in a corner for full opening.

1/ Fixed enclosure (in clear or mirrored glass) with pivot return to prevent spray. 2/ Three chrome vertical or horizontal bracing bars (must be ordered with any fixed enclosure).

3/ Sliding door with fixed end panel. Quiet, fluid magnetic close for excellent seal and relaxing comfort. Door is removable in one motion for easy, complete care.

SERENITY

These shower enclosures are perfectly suited to bathroom projects. Wide choice of dimensions for all space sizes.

1/ Pivot door with in-line fixed panel to widen enclosure. 2/ Corner entry with sliding door and maximum seal from magnetic door close. 3/ Pivot door with 2 in-line fixed panels to widen showering space. 4/ Sliding doors are removable in one easy motion for complete cleaning.

SURFACE

The extra-low Surface shower tray is made of Neoquartz, an innovative material with unique performances.

1/ Surface shower tray 160 x 80 cm is paired with the Écrin ready-to-install shower. 2/ Surface faithfully reproduces the texture of true slate scanned in 3D. Available in Gypsum White. The natural matte slate look lends character and a rough style to your bathroom. 3/ The flush, wet-room waste presents a pared-down, modern shower. The shower tray is rigid, stable and highly resistant to impacts. They can be cut down to best fit your space. The waste is located on the short or long side, depending on the size of the shower tray.

FLIGHT

Shower tray in highly-resistant Flight material (concrete sandwiched between two acrylic layers) with optional anti-slip coating comes in large sizes up to 170 cm – ideal for replacing a bath.

The anti-bacterial treatment incorporated during the manufacturing process reduces up to 99% of bacteria, complements normal cleaning and maintains its properties during the tray's lifetime.

F-65 Matte Taupe

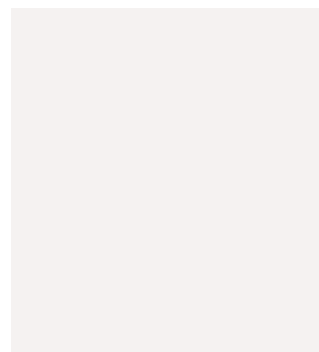

F-53 Matte Anthracite Grey

1/ Inset, above-the-floor or raised. Virtually-perfect right angles for a flush installation. Dimensionally-precise to the nearest millimeter.
2/ Coordinating accessories: Riser kit (feet alone or with panel) and PRM access ramp. 3/ Excellent level of adherence on anti-slip surface (ranked PN24 / Class C on the slip resistance test). Easy care with fine-grained, long-lasting surface guaranteed 10 years.

WASTE COVER IN GLOSS WHITE AND 4 MATTE FINISHES

F-00 Matte White

S21 Matte Silver

M65 Matte Taupe

M53 Matte Anthracite Grey

FLIGHT NEUS

This range of discreetly-minimalist shower trays with all the benefits of Flight material presents a wet-room look without the installation constraints. Available with an anti-slip option for added safety. To coordinate with your bathroom design, the waste cover comes in 5 trendy colours.

REPLAY

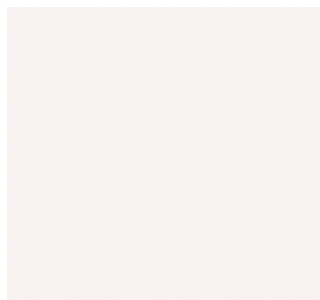

Replay extra-slim shower tray for inset or flush-fit installation. Extremely sturdy with gloss or Class B anti-slip glaze. Meets regulations for people with reduced mobility and includes a high-flow flush waste with a square cover.

PANOLUX – Wall panels

The contemporary, decorative 100% watertight alternative for shower walls. Ideal for bathroom renovations. No tile grout to maintain.

ÉCRIN

Built-in shower solution that is ready to install without tearing down any walls. Ideal for renovation projects. The concept includes a wall panel, thermostatic valve and recessed storage.

READY-TO-INSTALL SHOWER

WOOD

STONE

CONCRETE

A woman wearing a vibrant red suit is relaxing in a white bathtub. She is holding a handheld showerhead in her right hand. The bathtub features a chrome faucet and a flexible shower hose. The scene is set in a bathroom with light-colored wooden flooring and white wall paneling. A black wire basket with a pink towel is visible in the background.

RELAX

BAIN-DOUCHE NÉO

2 /

1/ Wide flat-bottomed shower zone comparable to a shower tray 90 x 90 cm. Bath available in several dimensions to suit all bathroom layouts. 2/ Bathing comfort thanks to an ergonomic back. Step-in height reduced to 50 cm and wood step included for added accessibility. Waste designed to adjust overflow height and gain in immersion level. Panel in aluminium and two-part bathscreen for a complete solution.

CAPSULE

1/ Made for small spaces, families with children or bath lovers who also enjoy showers. Dedicated bathscreen, wood footstep and Panolux panel add a stylish touch to the room. 2/ The closed bathscreen provides maximum seal. Thanks to the optimal design, the user gets both showering and bathing comfort: the flat bottom is identical to a 120 x 80 cm or 140 x 90 cm shower tray. Water level on the bath version is 10 cm above other baths for optimal immersion in a semi-reclining position.

MALICE

Acrylic shower-bath with large, flat-bottomed showering space and flush-fit waste. Spacious bathing area with comfortable water height (34.5 cm) and front seating ledge. Aluminium white lacquer panel with storage box; dedicated bathscreen with shelving for bottles.

STRUKTURA

Struktura acrylic shower-bath offers a wide, flat-bottomed shower space and raised backrest for optimal comfort. Rectangular bath conceived for showering comfort and bathing enjoyment, with reduced step-in height for easier entry.

MICROMÉGA DUO

Made of acrylic, Microméga Duo offers a space-saving solution with a wide showering area. Gently sloping back and ergonomically-shaped headrest guarantee bathing comfort. Available with a whirlpool system.

BAIN-DOUCHE

Ergonomic curves, integral seating and comfortable back provide true enjoyment and relaxation. Acrylic bath comes in 2 dimensions to suit all bathroom sizes.

1/ Shower-bath 135 x 135 cm. 2/ Shower-bath 145 x 145 cm (with patterned anti-slip base)

ODÉON RIVE GAUCHE

2 /

1/ Sleek lines lend a resolutely modern look to the Odéon Rive Gauche bath, which offers pure comfort. Flight's concrete reinforcement provides strength and natural soundproofing and helps keep water warm. 2/ The comfortable, spacious Odéon Rive Gauche bath is ideal, with a wide flat bottom, immersion depth over 34 cm and a double-ended back. The BioCote anti-bacterial treatment eliminates up to 99% of bacteria in 24 hours. The bath is also self-supporting and very easy to install (no need for wall supports). Optional handgrips for added safety.

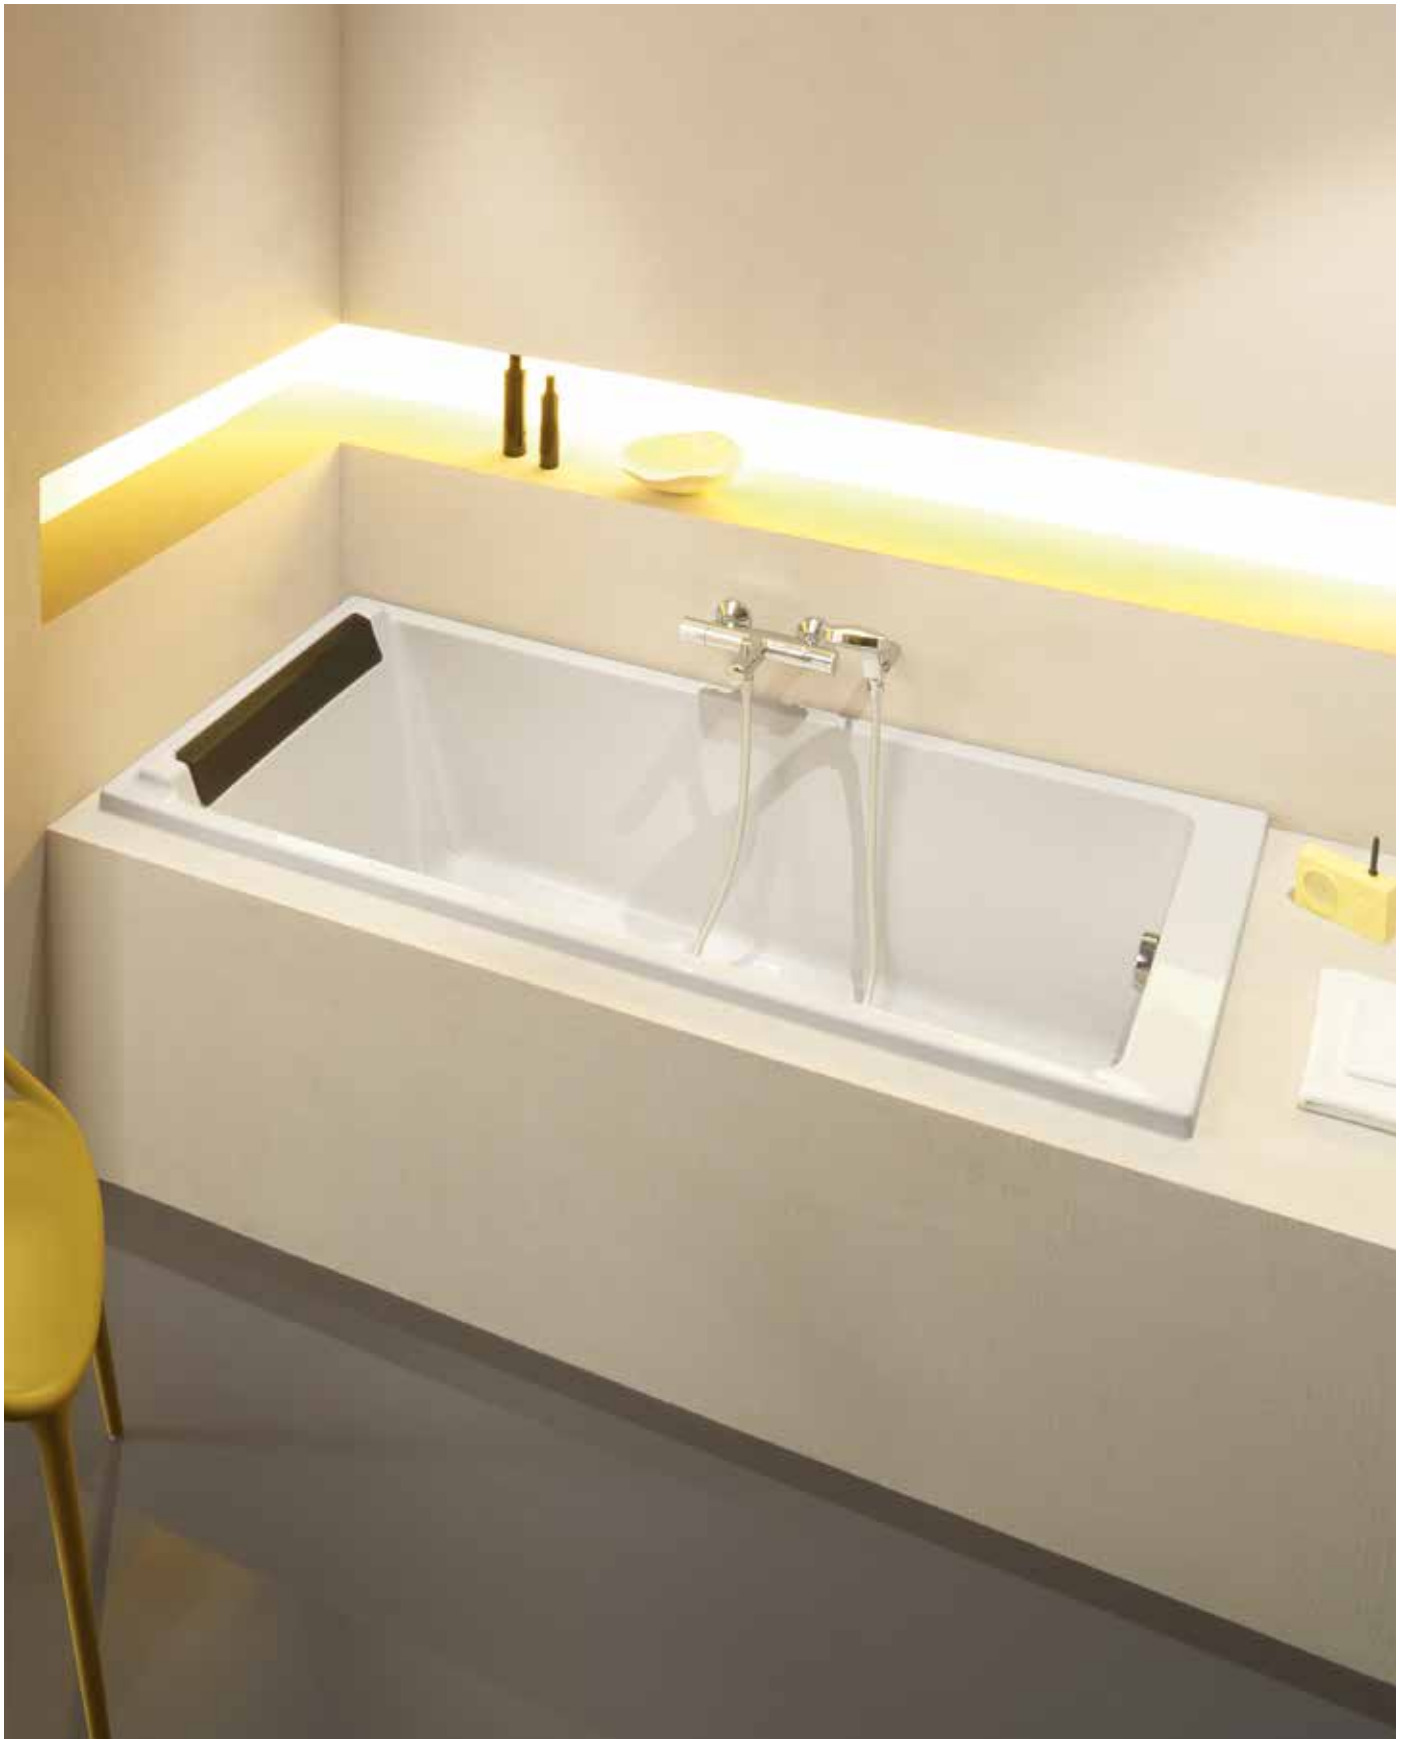

EVOK

This bath with a double-ended back guarantees total immersion with its 50 cm depth. Add one or two optional pillows for added comfort. This rectangular acrylic bath comes in a drop-in or freestanding version. The wide ledge has room for deck-mount taps and toiletry items. Available with a whirlpool system.

DOBLE

Doubled-ended Doble presents soft, fluid lines. The bath is supplied with a pillow and has a wide ledge for installing a deck-mount single-lever mixer (here with a handshower). Available with a whirlpool system.

SPACIO

Spacio's wide interior allows for greater freedom of movement. Spacious showering area and flush-fitted waste. Raised backrest with soft, comfortable gel pillow. Rectangular acrylic bath with a modern, geometric design for all homes.

ODÉON UP

1/ The ergonomically-shaped acrylic Odéon Up bath is available in several dimensions. Included are integral armrests, handgrips in chromed brass (install or not) and black headrest. Shown here with a dedicated bathscreen. 2/ Asymmetric acrylic bath 160 x 90 cm – a space-saving solution. 3/ Corner bath, also in 140 x 140 cm with optional acrylic panel. Available with a whirlpool system.

PRESQU'ÎLE

Corner bath 145 x 145 cm, with generous dimensions for a comfortable, welcoming bathing space (integral seating). Optional corner panel. Available with a whirlpool system.

DOMO

Bath with integral corner seating. Also comes in model with factory-assembled frame and panel for fast, easy installation. Bath in 135 x 135 cm with optional panel. Available with a whirlpool system.

GRANDS BOULEVARDS

1 /

2 /

1/ Double-ended freestanding bath 180 x 80 cm, made of Neoroc. This one-piece streamlined bath will become the centerpiece of your bathroom. Highly sturdy, made of an ultra-resistant material composed of resin and Dolomite marble powder, covered with a white, sanitary-grade gel coat; no overflow for perfect immersion. Optional second pillow. 2/ Semi-freestanding version 180 x 90 cm, with concealed overflow. Deck-mount taps (or wall taps) can be installed on wall ledge.

CLÉO

The brand's iconic Cléo bath is a timeless, decorative element for your bathroom. The deep bathing well offers an exceptional soaking experience. The Cléo bath 175 x 80 cm with claw feet comes in a painted white exterior or can be personalised with one of 189 matte or satin RAL colours.

VOLUTE

Elegant, contemporary yet classic cast iron bath. With the recessed overflow, the surface is smooth and comfortable. Freestanding or drop-in versions. Panel on freestanding bath is in reinforced acrylic.

EVOK

This bath with contemporary curves is equipped with an oblong waste for deeper bather immersion. Double-ended for enjoyable one- or two-person bathing. Supplied with a one-piece panel and base in Anthracite Grey reinforced acrylic.

170 x 70 cm, 160 x 70 cm

All cast iron baths are fitted with an anti-slip bottom, except for Soissons (optional).

WHIRLPOOLS

Treat yourself to a sensorial experience offered with our whirlpool systems.

EXPERTISE BY JACOB DELAFON

4-YEAR GUARANTEE

Our whirlpool systems are guaranteed for 4 years (parts, labour and service visit) for a peace-of-mind purchase.

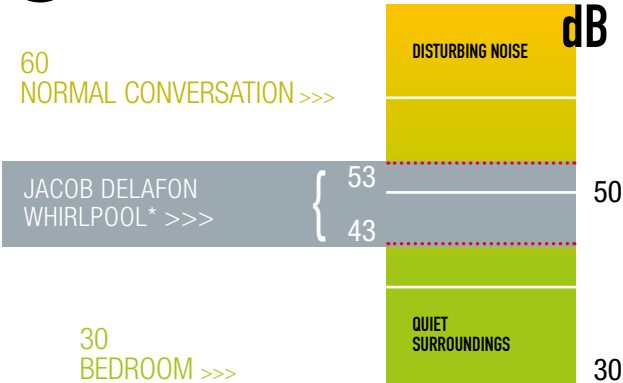

MADE IN FRANCE

All our whirlpool baths are designed and manufactured in France. This is a true guarantee of quality and dependability, resulting from over 25 years of experience in our plant in Troyes.

SOUND LEVELS IN DECIBELS

UNMATCHED SOUNDPROOFING

All our whirlpool systems are equipped with a Silence program, a massage sequence especially designed to be as quiet as possible (CSTB measurement), reducing noise and vibrations by 30 to 40% compared to a standard program. The Luxe and Excellence systems include blowers, an Acoustics kit* (insulating strips and anti-vibrating pads) and a Silence Box (soundproofing panels mounted to the wall and bath panels).

*Optional on the Plus system

WHIRLPOOL BENEFITS

NECK WATERFALL

This massage gently relieves your neck and spine, for a totally new relaxing experience.

BACK MASSAGE

This massage will relieve accumulated tension, thanks to action targeted to sensitive zones.

AIR AND WAVE MASSAGE

Gentle, relaxing massage for a sensation of wellbeing and weightlessness. Oxygen combined with air deep cleans the skin.

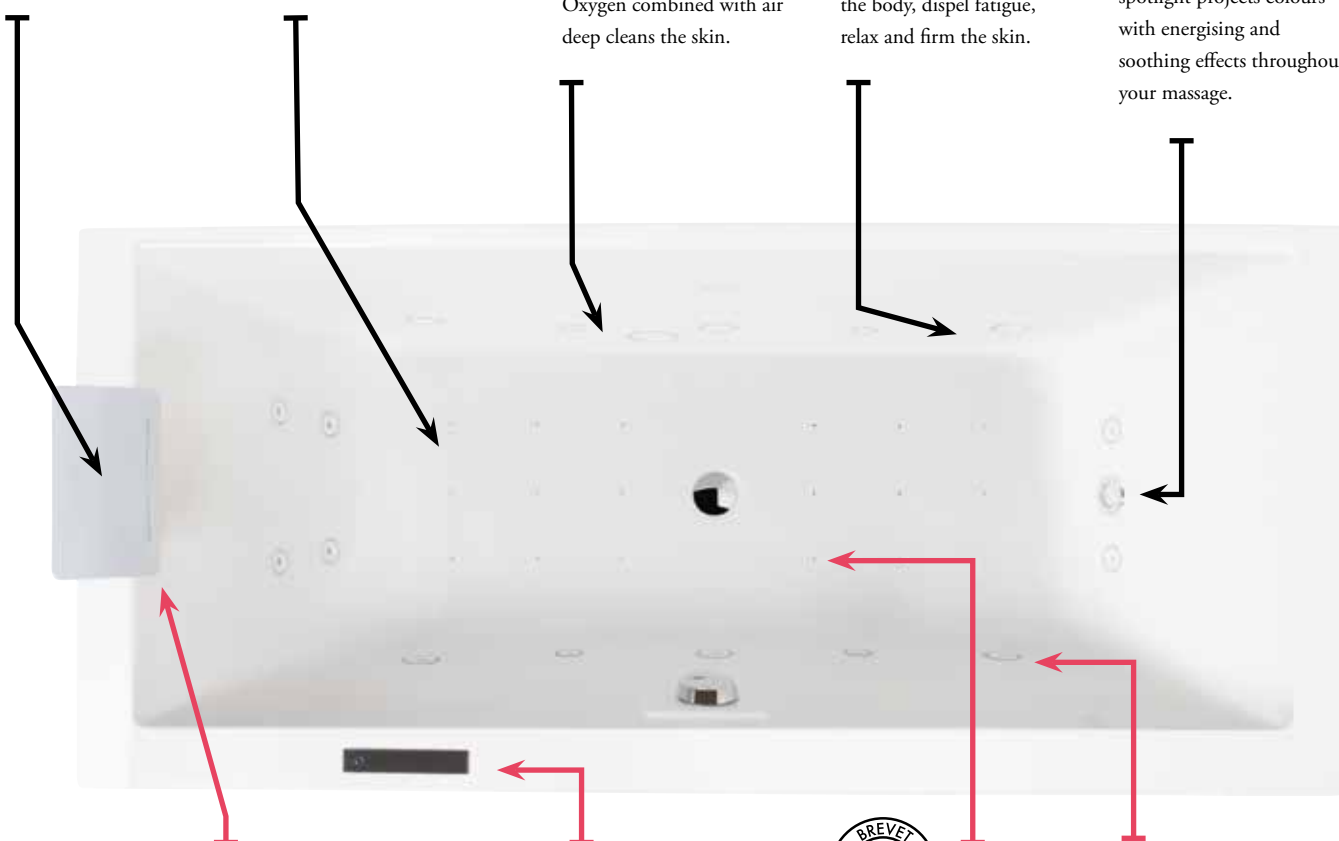

WATER AND TURBO MASSAGE

This massage stimulates the muscles, letting powerful air-enriched water stimulate the body, dispel fatigue, relax and firm the skin.

CHROMATHERAPY

Chromatherapy uses coloured lights to refresh the body and mind. A high-luminosity LED spotlight projects colours with energising and soothing effects throughout your massage.

WATERFALL HEADREST WITH GEL PILLOW

Idea for a comfortable position in the bath, while enjoying the pleasant sensation of warm water streaming down the neck. Standard on the Excellence system; optional on the Plus and Luxe systems.

SELF-SUPPORTING FRAME

All our whirlpools are equipped with a self-supporting frame for safe, easy installation.

BACKLIT KEYPAD

Discreet, easy-to-use keypad
1 button per massage programme

INVISIBLE INJECTORS

Our injectors located at the bottom of the bathing well are invisible, with a patented technology that ensures efficient air massage, easy care, comfort and hygiene.

FLUSH-FIT BATH JETS

Side, foot and bath jets – and the suction inlet – all fit totally flush with the surface for a discreet, delicate look and easy cleaning.

ADVANTAGES

AND MORE...

NOUVELLE VAGUE

Jacob Delafon presents its new Nouvelle Vague line – 50s-inspired design combined with the latest rimless technology. The toilet bowls in the collection have soft, rounded shapes and are fitted with invisible fixings for a perfect finish. Toilets and bidets are available in regular or wall-hung models for a balanced look.

1/ Smooth-sided rimless toilet and bidet. The toilet bowl comes with a thermoset, slow-close, removable seat for accessible, easy-to-clean areas. 2/ Wall-hung toilet with extra-slim, slow-close, removable seat and new Jacob Delafon flush plate. 3/ Effective rinse up to the front of the bowl. No more nooks and crannies, for easy cleaning and perfect hygiene. 4/ New flush plates labelled Jacob Delafon add a couture effect.

VOX

Contemporary design presenting soft, geometric shapes with concealed or invisible fixings. Smooth on all sides for thorough cleaning.

1 /

2 /

3 /

4 /

1/ 2/ Rimless system that propels and directs water towards the trapway and over the sides. 3/ Effective rinse up to the front of the bowl. No rim means every nook and cranny is accessible. All zones are glazed, smooth and visible for fast, complete cleaning. 4/ New Jacob Delafon flush plate with an exclusive, couture design.

ODÉON RIVE GAUCHE

Discover the pared-down lines of the new Odéon Rive Gauche collections with a modern toilet and bidet designed to bring together comfort and hygiene.

1/ Wall-hung bidet matches the toilet for a balanced look; invisible fixings. 2/ Discreet, elegant handle so you can lift the seat without touching it. 3/ Perfect hygiene on the exterior (all-over smooth surface) and on the interior with the rimless technology. 4/ New Jacob Delafon flush plate with an exclusive, couture design.

HALF BATHS

We have a wide selection of functional, practical yet stylish and esthetic toilets, along with several handwash basin and vanity top offers for your half bathroom.

1/ Nouvelle Vague wall-hung toilet and an extra-slim seat, along with a vanity top in the same collection. 2/ Odéon Up corner toilet and washstation is the ideal space-saving solution. The toilet operates with a 3/6L cistern, and the cabinet is available in 7 finishes to best match your space.

RECHARGE

OBLO DESIGN

Oblo Design, offshoot of the classic version, presents a more assertive style: the wide, delicate rectangular showerhead brings a touch of irreverence to your space. Generous coverage provides a true moment of relaxation.

OBLO

The classic Oblo shower column displays the collection's signature oblong shapes. The iconic handshower echoes the column's curved form. Thermostatic technology is a true comfort and safety benefit.

STRAYT

Shower column Strayt displays an assertive, square design and includes a thermostatic mixer and wide showerhead for heightened showering enjoyment.

Thermostatic shower column, square metal showerhead 250 mm.

JULY

Equipped with a single-lever mixer featuring thermostatic technology, the July column offers a safe showering experience. Thermostatic shower column, square showerhead 200 mm (round model also available).

BATH/SHOWER JULY

The July bath/shower column offers a safe, relaxing showering moment – and is also suitable for bathing. Thermostatic bath/shower column, square showerhead 200 mm (also comes in a round model).

TOOBI

Toobi combines safety and comfort with thermostatic technology and diverter built into the flow handle.
Thermostatic shower column, round metal showerhead 250 mm.

EO

EO is the ideal column for renovation projects. It adapts to an existing shower mixer and converts it into a functional column for greater comfort.

Shower column (without mixer, square showerhead 200 mm (round model also available)).

MODULO

Modulo is the new built-in shower valve system designed to personalise your shower. It offers simple, efficient, elegant solutions that pair with a variety of styles.

Built-in thermostatic shower valve, 2 water outlets, Classic handles.

DTV PROMPT

Step into the future with a simple, intuitive electronic showering system. Relax and choose the best showering conditions you need. DTV Prompt with preheat, pause, temperature control and timer functions.

1 /

2 /

3 /

AWAKEN

Awaken offers a choice of geometric or organic, nature-inspired lines. The satin finish on the sprayhead surface brings a touch of elegance and enhances the two handshower styles. Awaken comes with three spray options: wide, targeted or intense, for an optimal showering experience. 1/ Awaken Geometric handshower, Titanium finish. 2/ Geometric Awaken handshower also comes in Brushed Nickel and Chrome finishes. 3/ Awaken Organic handshower, Chrome finish.

COMPOSED

This is the collection for composing an exceptional bathroom. Choose among three single-lever mixers – with a Joystick lever, a cylindrical Pure handle or the more classic rectangular lever.

1/ Single-lever wall basin mixer, «Pure» handle, Titanium PVD finish (25-year guarantee). 2/ Tall single-lever basin mixer, «Pure» handle, Chrome finish. 3/ Single-lever basin mixer, «Pure» handle, Chrome finish. 4/ Single-lever bath/shower mixer, Titanium finish.

See the entire Composed collection, available in Chrome and Titanium PVD finishes (25-year guarantee), p. 266.

1 /

2 /

3 /

STANCE

Stance taps are equipped with joystick handles that combine a sleek, modern line and ease of use. They have strong architectural lines and a cubic base with softened contours. 1/ 2/ 3/ Single-lever basin mixer with Joystick handle. Maximum flow 5 L/min and integral anti-scale aerator.

See the entire Stance single-lever mixer collection, p. 267.

STILLNESS

Combining performance and style, the Stillness single-lever mixer will showcase a contemporary interior. It includes technological innovations for a minimalist look, while offering water and energy savings. 4/ Single-lever floor-mount bath-shower mixer.

See the Stillness single-lever mixer, p. 268.

FAIRFAX

Fairfax, with its retro, “So British” design, elegantly evokes the past while offering surprisingly modern features. 1/ Single-lever basin mixer. Also comes in a tall basin version, a wall-mount shower model, and a deck-mount bath/shower model.

See the entire Fairfax single-lever mixer collection, p. 270.

SINGULIER

This range has a strong, appealing identity. The single-lever tap helps save water while preserving design style. 2/ Single-lever basin mixer with temperature control ring and sensitive flow control.

See the entire Singulier single-lever mixer collection, p. 272.

AVID

A collection with an appealing, assertive design to enhance contemporary living spaces. The innovative notched system on the thermostatic handle allows users to adjust the temperature with precision. It also comes in an alternative finish – Brushed Nickel.

2 /

3 /

1/ Tall single-lever basin in Brushed Nickel PVD (25-year guarantee). 2/ Chrome single-lever bath/shower floor-mount mixer with smooth anti-twist hose and 2-spray handshower. 3/ Tall Chrome single-lever basin mixer.

See the entire single-lever Avid tap collection, available in Chrome and Brushed Nickel PVD (25-year guarantee), p.269.

1 /

PURIST

Purist is an architectural collection in which each part performs its role - pure, bold and inspired.

1/ Wall basin mixer. 2/ Tall single-lever basin mixer with temperature control ring. 3/ Single-lever basin mixer with temperature control ring.

See the entire Purist mixer and single-lever mixer collection, p 268.

OBLO

The fluid, oblong shape, distinctive throughout the Oblo collection, inspires the handles, spouts and bodies. Equipped with a sequential cartridge: gentle cold-water delivery at onset, followed by a constant flow of mixed water.

2 /

3 /

4 /

1/ Single-lever basin mixer. 2/ Thermostatic deck-mount bath/shower mixer. 3/ 4/ Tall single-lever basin mixer.

See the entire Oblo single-lever mixer collection, p.271

STRAYT

The Strayt collection displays cubic architectural austerity, while novel details provide a unique personal touch.

1/ Standard single-lever basin mixer with temperature control ring and integrated anti-scale aerator. 2/ Medium-height single-lever basin mixer with temperature control ring and integral anti-scale aerator. 3/ Single-lever thermostatic shower mixer with safety stop at 40°.

See the entire Strayt single-lever mixer collection, p. 273.

TOOBI

Toobi is the tap with a “pop” design you can personalise in a flash with three colour inserts (white, black and green). Natural water delivery makes the collection unique. Available in Chrome and Brushed Nickel.

1/ 2/ Single-lever basin mixers, white spout inserts. 3/ Thermostatic single-lever bath/shower wall-mount mixer with black insert, safety stop at 40°C and integrated diverter.

See the entire single-lever Toobi collection, p. 274.

ALEO

On Aléo, flat surfaces, geometric profiles and softened lines provide modern comfort. Aléo single-lever basin mixers are equipped with the 5'35 easy system so they can be installed in 5 steps that take 35 seconds.

1/ Single-lever basin mixer, swivel spout, C3 water- and energy-saving cartridge, and temperature control ring. 2/ Single-lever basin mixer with temperature control ring and integrated anti-scale aerator. 3/ Thermostatic single-lever bath/shower wall mixer with pushbutton diverter and safety stop at 40°C.

See the entire Aléo single-lever tap collection, p. 275.

CÜFF

The proportioned, balanced Cüff collection stands out with its cylindrical design that suits a wide range of bathroom styles.

1/ 2/ 3/ Medium-height single-lever basin mixer with temperature control ring.

See the entire Cüff single-lever mixer collection, p. 276.

A woman with red lipstick is shown from the chest up, wearing a dark blue sweater with horizontal green stripes and a red skirt. She is sitting at a table with a decorative black metal railing. In front of her is a round cake on a silver platter, topped with white cream, strawberries, blueberries, and almonds. She is holding a small piece of cake on her right index finger. A white rectangular box with the word "SHARE" in black capital letters is overlaid on the right side of the image.

SHARE

SPIRALE

The new Spirale single-lever kitchen mixer presents a professional style for a trendy kitchen and comfortable use. The magnetic docking system inside the spout securely locks the sprayhead into place after use. In terms of functionality, it is equipped with an aerated spray for washing and filling recipients, and a concentrated spray for effortless cleaning - both limited to 7 L/min. Last of all, tight coils make cleaning easy with a sponge.

MALLECO

Jacob Delafon launches the innovative Malleco touchless single-lever kitchen mixer with a sensor for easy, efficient daily use. This last-generation tap is also equipped with a pullout 2-function sprayhead: an aerated spray for daily use and a strong sweep spray for superior cleaning. Three removable handles are supplied with the tap (black, white and taupe). Also comes in a standard version.

REASONS TO CHOOSE JACOB DELAFON FURNITURE

Our collections express our brand values of elegance, irreverence and authenticity.

Jacob Delafon teams work to offer high-quality, esthetic and functional furniture. We want you to have the opportunity to create a balanced bathroom setting. Our workstations include a vanity top or a dedicated ceramic or glass vessel basin for durability. All our furniture is manufactured in the Jura region of France.

CHOOSING A CERAMIC VESSEL BASIN OR VANITY TOP

Our vessel basins and vanity tops are based on traditional expertise handed down from generation, offering you a 10-year guarantee on our ceramic ware with outstanding properties:

- **Resistance** to abrasion and scratches
- **Low sensitivity** to impacts and thermal shocks
- **Strength** and **durability**
- **Eco-friendly**, non-polluting and recyclable
- **Easy, hygienic care** with soapy water, thanks to the product's smooth surface.

SELECTING THE RIGHT MATERIALS

When you choose a Jacob Delafon product, you are choosing quality. We possess age-old expertise and take the greatest of care with the materials used to create our furniture. Pieces are assembled in artisanal fashion at our plant in Champagnole (France), a former cask-making company.

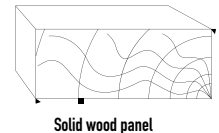

LACQUER

This rigorous, meticulous process requires skilled craftsmanship. Our expertise in lacquering goes back 30 years. The beauty of our lacquer – smooth and pleasant to the touch – especially comes from its deep, translucent sheen. Our teams follow the latest trends and propose new colours every year: 30 hues to choose from, available in 3 finishes: soft (matte), glossy or satin; in other words, over 80 different finish options.

SOLID WOOD

All our wood-based products are PEFC-certified, guaranteeing consumers that they contribute to sustainable forest management. We chose to use mainly oak from the Burgundy or France-Comté regions of France to reduce our carbon footprint.

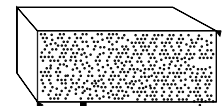

Solid wood panel

CAROCERAM

Material made from natural products: clay, granite, ceramic pigments resistant to solvents and everyday detergents. Withstands stains, scratches and wear and is easy to clean.

Colours remain fast and are insensitive to UV rays. Suits damp environments and withstands climatic fluctuations.

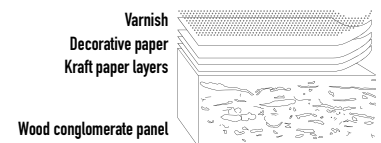

CaroCeram panel

LAMINATE

Coating made of layered Kraft paper sheets, topped with a sheet of decorative paper glued to a wood conglomerate panel.

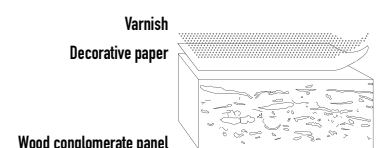

Wood conglomerate panel

MELAMINE

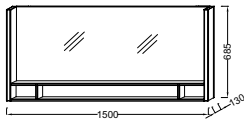

Sheet of decorative paper glued to a wood conglomerate panel. Melamine and laminate both have hard, non-porous surfaces and are therefore very sanitary and easy to clean.

Wood conglomerate panel

WHAT IS A RIM?

This is the lip situated inside the bowl perimeter which distributes water to rinse the bowl interior.

Open rim

Space where germs and bacteria can build up.

BENEFITS OF A RIMLESS TOILET

EFFICIENT FLUSH AND OPTIMAL RINSE

The new propulsion system that ensures strong, efficient water flow and guarantees full waste drainage.

EXTRA EASY CARE

By removing the rim, Jacob Delafon has taken the chore out of toilet cleaning. Every nook and cranny is accessible. All it takes is a quick wipe of a sponge!

HOW TO CHOOSE THE RIGHT TYPE OF INSTALLATION FOR YOUR TOILET

STANDARD CLOSE-COUPLED TOILET

The cistern/bowl set is the standard solution for easily replacing an old fixture without major work.

- No impact on the water supply
- Fast, easy installation

EASY INSTALLATION

Connection to water supplies and outlet

QUICK FIXINGS

Bowl, cistern and seat attach easily

WALL-HUNG TOILET

The wall-hung toilet with an in-wall cistern is the modern solution for a more stylish space that is discreet, elegant and easy to clean.

EASIER MAINTENANCE

Service opening provides easy access to cistern.

ECONOMICAL AND ESTHETIC

Two new dual button flush plates labelled Jacob Delafon (see p. 203) add a couture effect.

Coordinate with a new self-supporting frame offering a 2.6/4 L or 3/6L cistern. 

STURDY AND QUIET

The insulated cistern resists thermal variations and is built into a support frame that can withstand 400 kg.

EASY FLOOR CLEANING

HALF BATHS - Wall-hung WC pans

SURFACE

TYPE OF MATERIALS

Jacob Delafon's three shower tray materials are sturdy and durable. They have solid surfaces and are scratch-, thermal-, shock- and flex-resistant.

CERAMIC

Historically linked to Jacob Delafon for 130 years, ceramic has become our core business and area of expertise. **Note the new extra-low version (4 cm high) of the Kyreo shower tray.**

REPLAY

KYREO

FLIGHT

Exclusive material made of synthetic concrete topped with an acrylic layer for a perfect compromise of strength, resistance and weight. Flight shower trays come in several finishes for a trendy shower look. Ideal for replacing a bath.

HOW TO CHOOSE A JACOB DELAFON BATH

FLIGHT

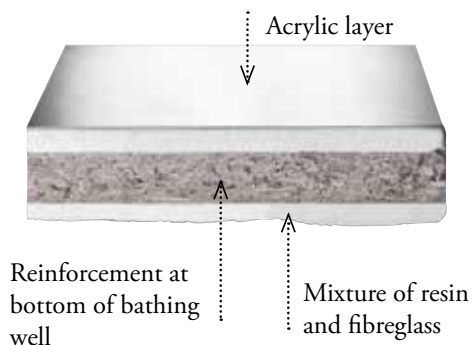

Unique material that combines the strength of concrete with the glossy, smooth surface of acrylic. The easy care surface has received a silver ion treatment called BioCote that destroys 99.2% of bacteria after 24 hours with no chemical product added.

ODÉON RIVE GAUCHE
Flight technology in a new bath

ACRYLIC

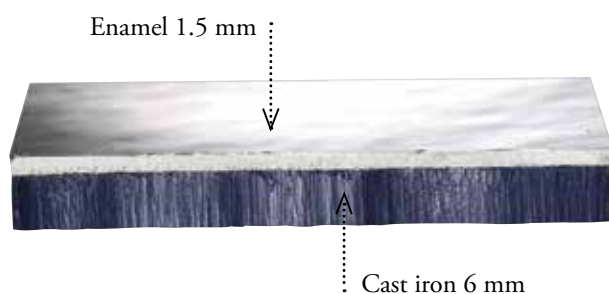

Jacob Delafon's acrylic is warm to the touch, recyclable, treated with anti-bacterial protection or natural. Built on top-notch expertise, products in this material come in a wide variety of shapes and styles. Our acrylic baths are mainly manufactured in France at our Troyes plant. This local production is a guarantee of quality and dependability.

ODÉON UP
Ergonomic shapes, pillows and handgrips

CAST IRON

This superior material is highly resistant to impacts, burns and scratches, ensuring a long-lasting, easy-care bath. Natural soundproofing qualities and ability to keep bath water warm provide users with an enjoyable moment of relaxation.

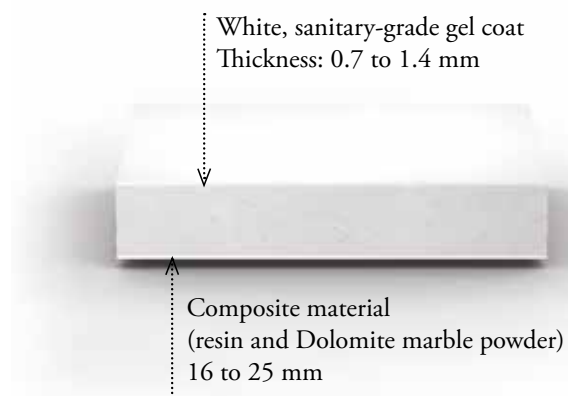

CLÉO

The star of interior decorating magazines – a double-ended bath you can personalise.

NEOROC

Neoroc is a sturdy material composed of resin and Dolomite marble powder, topped with sanitary-grade, ultra-resistant, easy-to-clean gel coat. Unusual shapes can be made with this material, thus obtaining self-supporting baths that become the centerpiece of your bathroom.

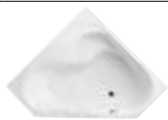

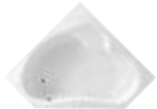

GRANDS BOULEVARDS

Sturdy material for streamlined design

SHOWER-BATHS - Capsule

Space saver

SPACE-SAVING SOLUTION

- Ideal for small spaces for people who shower daily, who take occasional baths or those with small children.

OPTIMAL DESIGN FOR SHOWERING

- Shape and space identical to a shower tray 120 x 80 or 140 x 90 cm
- Flat bathing well
- Shower enclosures close completely for maximum seal
- 6 mm coated glass enclosures fully fold back inside

ERGONOMIC BATHING SPACE

- Enhanced comfort of use thanks to water level over 10 cm compared with most baths
- Two people can bathe in the 140 x 90 cm model
- Optional extra-slim waste can adjust water level +/- 5 cm

ESSENTIAL ACCESSORIES

- Panolux panels (concrete, stone or wood effect)
- Wood step for better access

RECTANGULAR BATHS - Odéon Rive Gauche

Distinguished look

BATHING ENJOYMENT

- 38 cm water height for total immersion
- Wide, flat bottom for a comfortable showering space
- Double-ended back and great width (180x85 and 170x75 cm) for comfortable, two-person bathing

SIMPLE, CONTEMPORARY DESIGN

- Delicate corners and rim make for a resolutely contemporary look
- Perfectly fits into the rest of the collection
- Front and end panel in one piece for a seamless finish (optional)
- Chrome handgrips (optional) add character and easier accessibility

HYGIENE

- Process-incorporated BioCote silver-ion treatment for antibacterial protection 24/7

EASY INSTALLATION

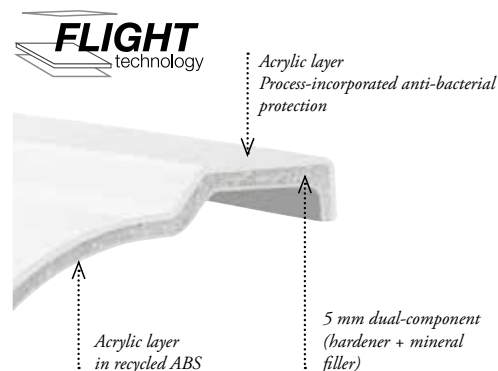

- Rigid but half as heavy as a cast iron bath
- Self-supporting – no need for wall supports, perfectly watertight
- Aluminium panel to mount to wall, no floor drilling required (optional)
- Compatible with a standard waste (optional)

Eco-contribution chart for Electric & Electronic household equipment (EEE):

Whirlpool systems	Code	EEE weight	Price excl. VAT**
Système Plus	75040	>500 g and <10 kg	€0.17
Système Luxe	75050	>10 kg	€1.67
Système Excellence	75050	>10 kg	€1.67

Eco-contribution for household EEE should be added to the 2019 retail price (excluding VAT) on all whirlpools, depending on the system.
Price on 01/01/2020 may be adjusted on 01/03/2020.

CHOOSING THE RIGHT JACOB DELAFON SHOWER FITTINGS FOR YOUR SPACE

Tap designer for 130 years, Jacob Delafon ensures that all its products undergo rigorous quality tests that go well beyond industrial standards, thus guaranteeing you a flawless product.

SHOWER AND BATH-SHOWER COLUMNS

Jacob Delafon shower columns include a thermostatic shower valve, handshower and wide shower head for moments of true relaxation.

Jacob Delafon bath-shower mixers have minimalist design, water-saving features, and enhanced safety, thus meeting all your needs.

BUILT-IN DIGITAL AND MECHANICAL SOLUTIONS

Built-in shower solutions with or without a digital interface.

SHOWER AND BATH-SHOWER SETS

Handshowers, hoses, brackets and bars elegantly complete shower and bath fittings.

SAVING WATER AND ENERGY WITH THE RIGHT TAP

Nos produits sont étudiés pour que vous optimisiez votre consommation d'eau. Sans sacrifier le design et la performance, ils sont fonctionnels et respectueux de la planète.

With Jacob Delafon, conserving water is easy when you follow these 3 tips:

1

Opt for a water-efficient single-lever mixer,

or one that includes a cartridge fitted with a sensitive mid-flow feature.

2

Choose a thermostatic valve for the shower or the bath.

All it takes is a few seconds to reach the desired temperature (instead of 8 litres with a mixer). Additionally, you can shut off the tap while showering, since you will obtain the same temperature when you turn it back on, without readjusting.

3

Choose a handshower with flow control.

All our models are fitted with a water-saving feature that limits flow to 10L/min.

EXTRA-EASY INSTALLATION

The 5/35" quick-fix system was exclusively designed and patented by the Jacob Delafon teams, and lets you install a single-lever mixer in 5 steps that take 35 seconds. Installing a mixer has never been easier... even for the least experienced people!

NO-LEAK WASHER

Perfectly centers the tap over the washbasin on the first try

ROD WITH RETAINER

Hand tightens quickly and easily

EXTRA-RESISTANT, ANTI-RUST

Nut in reinforced fibreglass is as resistant as metal. Will not rust and can be removed easily even after several years.

HORSESHOE CLAMP

Convenient! Won't fall off when being installed

QUICK NUT

Press and slide up rod. Easier than screwing!
